Revolutionising precision oncology: new biomarker identification with 1-day NG

Discover how NGS can be as fast and easy as IHC allowing your lab to test latest and established relevant biomarkers in a single day

Learn from our KOLs how important it is to connect different expertise to improve and maximise the impact of precision medicine

12:30

Genexus use for NGS molecular profiling of tumors

12:50

Dr **Annarita Destro**, PhD

*Molecular Pathology Unit, aPthology Department
Humanitas Research Hospital*

12:50

The evolving paradigm of precision medicine in lung cancer: the oncologist perspective

13:10

Francesco Passiglia

*Department of Oncology, University of Turin,
San Luigi Hospital, Orbassano, Italy.*

13:10

Live Q&A

13:15
